School car park

We are very lucky at Hanbury CE First School to have a car park, an asset most schools do not have. The car park does get very busy so we hope the following expectations will help to make the use of this area safer and more convenient for all users.

- There should always be a route for cars parked to be able to enter and exit. This is imperative to ensure that the road is not blocked.
- Please do not park your vehicle in a position which would prevent another car from exiting the car park.
- The diagram below shows arrows indicating the areas not to be parked in and the direction of movement. Please follow the one-way system including when exiting the car park.
- If there is no space available then please leave the car park and find another place to park, both the Church and the Jinney Ring Centre have car parks and there is some road parking available.
- If you have dropped off or have collected, then please make your way back to your vehicle and exit the car park as quickly as possible. This will make space for others.
- Please avoid talking on the field or the car park. Often there is a build up of cars on the road if people don't leave promptly.
- Please always be aware of other parents and children on foot coming to and from the school including pedestrians on the road.
- Please avoid parking on the brow of the hill or on the triangle on school road.
- Have patience. We appreciate they are busy times but hope that all working together will ensure that drop off and collection are as smooth as possible.
